Web Technologies: HTML, CSS
Databases: MySQL, MongoDB (Basic)
Frameworks: React (Basic), Node.js (Basic)
Tools: Replit, Lovable, Wix Studio (Basic)
Product Skills: PRD Creation, Product Research, UX Research, UI/UX Mock-ups, User Flows, Product Conceptualization

SOFT SKILLS

Strong Communication • Efficient Problem Solving • Teamwork & Collaboration • Time Management • Leadership

EDUCATION

Integrated Master of Computer Applications (2023–2028)
Saintgits College of Engineering, Kerala, India

Secondary Education (March 2021)
Don Bosco Senior Secondary School, Navi Mumbai, India

Higher Secondary Education (March 2021)
Mary Matha Public School, Kerala, India

INTERNSHIP EXPERIENCE

Associate Product and UX Research Intern

Rock Paper Panda | 9 February 2026 – 28 August 2026

- Contributed to product ideation, PRD creation, UX research, and UI/UX design.
- Collaborated with the founder and development team on Ecclessia, supporting feature development, testing, and improvements.
- Used Replit and Lovable for product development and gained basic experience with Wix Studio for website creation.

Data Analytics Intern

Akira Software Solutions Pvt. Ltd. | 17 May 2026 – 17 June 2026

- Gained practical exposure to Excel, MySQL, and Power BI for data analysis, database queries, and visualization.

UI/UX Designing and Development Intern

Spectrum Softtech Solutions | 12 May 2025 – 24 May 2025

- Gained exposure to UI/UX design principles, interface development, and user experience practices.

TRAINING

Python Programming and Web Designing | CodeDesign Technologies Pvt. Ltd. | 2024

PROJECTS

Peer-to-Peer Skill Swap System

- Developed a web-based peer-to-peer skill exchange platform using React, Node.js, and MongoDB.
- Enabled users to connect based on shared interests and complementary skills.
- Implemented chat, voice/video calls, and a mutual rating system to promote trust and accountability.

Smart Home Energy Optimizer (Group Project)

- Designed an IoT-based energy management system using ESP32, sensors, relays, and cameras.
- Enabled device-level energy monitoring and helped identify opportunities to reduce power wastage.
- Incorporated monthly electricity consumption prediction while considering privacy in sensitive areas.

Ecclessia – Church Community Platform

- Contributed to product ideation, requirements documentation, UX research, and UI/UX design.
- Supported product development and feature refinement using Replit and AI-assisted development workflows.
- Participated in testing, feedback, and iterative product improvements.

ACTIVITIES AND LEADERSHIP

- Active member of the department fest committee
- Class Head – Samyuktha Inter-College Fest
- Head – Decoration Committee and Compering, Samyuktha Inter-College Fest
- Subhead – Pratitya College Fest
- Active member of the college anchoring club
- Member of IEEE

LANGUAGES

English – High Proficiency • Malayalam – Native • Hindi – Intermediate • Marathi – Beginner
